

Philip J. Slowiak  
International Place, Tower I  
6400 Poplar Avenue  
Memphis, TN 38197

Dear Mr. Slowiak,

Thank you for your letter dated March 24, 2014, in which you requested that the National Remedy Review Board meeting for the San Jacinto River Waste Pits Superfund Site be deferred until June 2014. Upon reconsideration of this request, the EPA agrees that a June Board meeting date is appropriate and will allow adequate time for consideration of the Feasibility Study. Therefore, the Board meeting has been rescheduled for early June 2014. Should you wish to submit any comments regarding site issues, including a recommendation for the final remedy, for the National Remedy Review Board's consideration, please submit them to Gary Miller of my staff no later than May 1, 2014. Any comments received will be forwarded to the Board and will be included in the Administrative Record for the site.

Sincerely,

Carl Edlund,  
Director,
